

SECOND DOSE VACCINE REGISTRATION NOTICE:

As of February 1, 2021,

The Crater Health District is migrating to a new statewide online vaccine registration system. Recipients who have received their first dose of the COVID-19 vaccination with the Crater Health District and are currently registered in VAMS are a priority and will be scheduled for their second dose upon vaccine inventory availability.

All first dose recipients are being reviewed to see if they have scheduled their second dose. If your second dose vaccination has not been scheduled, you will be contacted prior to the estimated date of the second vaccination to schedule an appointment.

If you do not receive a call to set an appointment within 2-3 business days prior to your expected appointment date, please send an email request for your second dose and make sure to include your full name to cratercovid19vaccination@vdh.virginia.gov .

You will be contacted either by email or phone for your 2nd vaccination appointment. Thank you for your patience.
